

Charnwood Cove II Installation

Customer Aspiration: A solid well designed stove that won't be dwarfed by the large stone fireplace.

Special Requirements: Enough presence not to look lost in this grand fireplace but not to big that it would overwhelm the room with heat.

With a magnificent fireplace this stove needed to have an equally magnificent view and with the large curved glass of the [Charnwood Cove II](#) was the obvious choice. The Charnwood Cove II brought balance with a contemporary edge to this beautifully appointed natural stone fireplace.
