

## Scan 83 in white

Customer Aspirations: A stove that can be seen from every part of the open plan living space.

Customer Requirements: A light coloured fireplace that will fit with the decor

The Scan 83 in white on a rotating base was a brilliant choice for this situation. The chic white finish complements the decor, making a dramatic focal point when lit and is completely unobtrusive when cold.

These photo's were provided by Latitude 50 who have the property listed for holiday lets.
